Dear parents, persons with custody and legal guardians,
Dear children and young people,

In North Rhine-Westphalia, all children and young people between the ages of 6 and 18 go to school. This is their right and their duty.

The Municipal Integration Centre for the District of Wesel offers newly immigrated children, young people and their parents, other persons with custody and legal guardians tailored information and guidance sessions on attending school.

Experienced teachers provide tailored, needs-based guidance on the following topics:

- The school and education system in North Rhine-Westphalia
- Schools and educational establishments in the District of Wesel
- Educational path and school career
- Recommendations on suitable types of schools
- School entry health examination
- Enrolment process
- Multilingualism support or native language lessons
- Recognition of educational qualifications
- Referral to other guidance centres
- Online portals for learning German
- Education and participation package (including additional German language support)
- Social integration through cultural and sports activities
- Change of school within the first three years of attending school in Germany
- Transition to normal classes
- Challenges and questions with respect to day-to-day school life

Guidance process

Please call and make an appointment for guidance:

 0281 / 207 4242

Please come to a guidance session with your children and bring all of the necessary documents (see checklist):

If possible, please bring someone with you who you trust and who can speak German:

Enrolment process

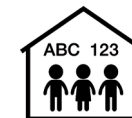

Your children will be registered with the health department for a school entry health examination:

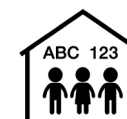

The health department will contact you and give you an appointment:

The Municipal Integration Centre will place your children at a school:

The Municipal Integration Centre will notify you of the school you can register your children with and will also notify the school.

Have fun and we wish you every success at school!
